

State Board of Workers' Compensation

2006 REGIONAL EDUCATIONAL SERIES

The State Board of Workers' Compensation is back to present to you a half-day program that will enlighten and inform all involved in the Georgia Workers' Compensation system. This year's goal is to educate those who are new to the workers' compensation field and those who are "seasoned" in the field but who need updated information on recent changes that have taken place.

Attendees will receive the legislative and case law developments, procedures, updates on new policies, procedures and the Board's Integrated Claims Management System. Our "Jeopardy II" skit is back by popular demand and is designed to educate and entertain the participants. Have fun while learning about workers' compensation!

It does not matter if you are an employee, an employer or self-insured employer, a human resource manager or risk manager, a safety loss control manager, claims adjuster or clerk, a rehabilitation specialist, a medical service provider or hospital claims employee, or a workers' compensation attorney or paralegal, because each attendee will benefit from the information provided which will be invaluable in understanding workers' compensation claims. All involved in any capacity with the workers' compensation system, in any form, are encouraged to attend.
